

MG Midget

I saw a beauty of a car the other day, a little MG Midget, I think it was a '67. But whoever owned it had done an amazing restore on it and she was gorgeous! It was an older couple driving it and did they ever look proud. I would be too, if I were them. 😊

MG makes some great little cars. I do like the Midgets, always thought the name was funny though. 😊
I saw a Midgette Amie Coupe a few years ago that blew my mind. Gorgeous car!!
