

How do you like Oldsmobile ?

Do you like the way an Oldsmobile car looks like? They are a bit too long for my taste but my best friend insists on looking to buy one. Any opinions on Oldsmobiles ?

I love Oldsmobile, the bigger the boat the better. I like the style, and the quality they had. They float down the road, with style.

I don't think all models are long, from what I recall they made different models of different length. They are OK, I guess. Not too fancy but OK.
